Executive Summary

Newburgh Enlarged City School District needs a qualified provider to deliver instructional leadership coaching, teacher professional development, and school improvement planning for South Middle School — operating under New York State receivership. The engagement must advance four Lead Strategies tied to the school's 2026–2027 NYSED Continuation Plan, covering discourse-based instruction, cognitively demanding tasks, school culture and attendance, and family/community engagement.

Nexstair engaged as Resource Support Partner — providing SOW decode, compliance mapping, methodology documentation, and response packaging.
